This is going to occur when you use computers at a stretch. Consider this to be a hydra which is going to affect your body, state of mind and your lifestyle. Once upon the time, we welcomed 21st-century technology in our lives with open arms, because we thought it would make our lives easier with the advent of the World Wide Web, computers have become a center of attention, and an integral part of our lives. Despite all the problems computers give us, including general...
