Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace, United States, 2014. Paperback. Book Condition: New. 235 x 190 mm. Language: English . Brand New Book ***** Print on Demand *****.This book presents creativity sparking writing and sketching ideas to help young writers explore creative avenues in the writing process. By simply following the basic, #1 Rule of Writing: There are no rules! students can explore through their own imaginative and creative approaches. These activities are presented under the simple guidelines of: 1. Don t Think. 2. Don t Dwell. 3. Don t Judge. Just write. Writers, sometime, need permission (even encouragement) to fail. People need to realize that failure is not failure. Failure is part of the creative and learning process. Write, right now. is a much better approach to writing than Write right, now. How to write First of all, a brief note about the Rules of Writing: #1. There are no rules. #2. If you find a rule for writing, ignore it. #3. If the rule persists, break it. Just write. Now, for a few guidelines: 1. Don t think: Writers who are stuck, or who feel uncreative, are usually over-thinking the situation, not knowing what or how to write. Thinking is not writing. Writing is writing. Instead of wondering if you should write about a duck or a dog, start writing and see who shows up. 2. Don t dwell: Wondering if a certain thing belongs here or there, or if a color should be red or blue, or what kind of duck or dog it actually is, is not writing. Let the color, size, shape, etc., just do and be what it wants. 3. Don t Judge: Judging is editing (which is a great thing to be doing, later.) While you write, leave the judging (editing) outside, playing around in the woods or...
