

Analytical Chemistry (first 3 version of the National Eleventh Five-general of higher education planning materials)

By HU YU ZHU // SUN YU QING

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 178 Publisher: Science Pub. Date :2011-06-01 version 3 HU Yu-Zhu. etc. Analytical Chemistry (Vol.1) for the chemical analysis of one of the three-dimensional series of textbooks. This book is divided into upper and lower two. the book is part of chemical quantitative analysis. instrumental analysis as part of the next book. A total of nine chapters on the book. including the introduction. data processing and analysis error. gravimetric analysis. titration analysis overview. acid-base titration. complexometric titration. precipitation titration. redox titration and the sampling and sample preparation methods; under volume of 16 chapters. including introduction. analysis. and never stop potential titration. Introduction to spectroscopy. UV-visible spectrophotometry. molecular luminescence analysis. infrared spectrophotometry. NMR spectroscopy. mass spectrometry. a comprehensive spectral analysis atomic absorption spectrophotometry. chromatography Studies. gas chromatography. high performance liquid chromatography. planar chromatography. capillary electrophoresis and chromatography combined with technology. Analytical Chemistry (Vol.1) comprehensive. systematic. innovative. in line with the students understanding of the law. and can meet the analytical chemistry of teaching and different levels of demand. Book of learning and teaching resources. Analytical Chemistry Problem Set. Analytical...

Reviews

This is the finest book i have got study till now. It usually does not price a lot of. I found out this publication from my i and dad encouraged this book to understand.

-- **Jamil Collins**

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.
